The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 21-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Hassinger.

In particular, Figure 5 of the reference and Figure 1 (showing the fuel rail for the injectors) teach all of the limitations of these claims. Claim 22 is taught at column 6, lines 25-41.

Claims 1-20 are allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
